## TRANSFERABLE SKILLS:

Working in hospitality has allowed me to effectively manage my time during short turn arounds, promptly resolving issues and anticipating needs while delivering a fast, friendly service. It's also taught me to make great tea and coffee! I have training in hygiene, health and safety and customer service. I've managed opening and closing duties including reconciliation of the cash drawer, so I have cash handling skills, as well as overseeing and prioritising daily tasks and handling stock control.
